# DESIGN

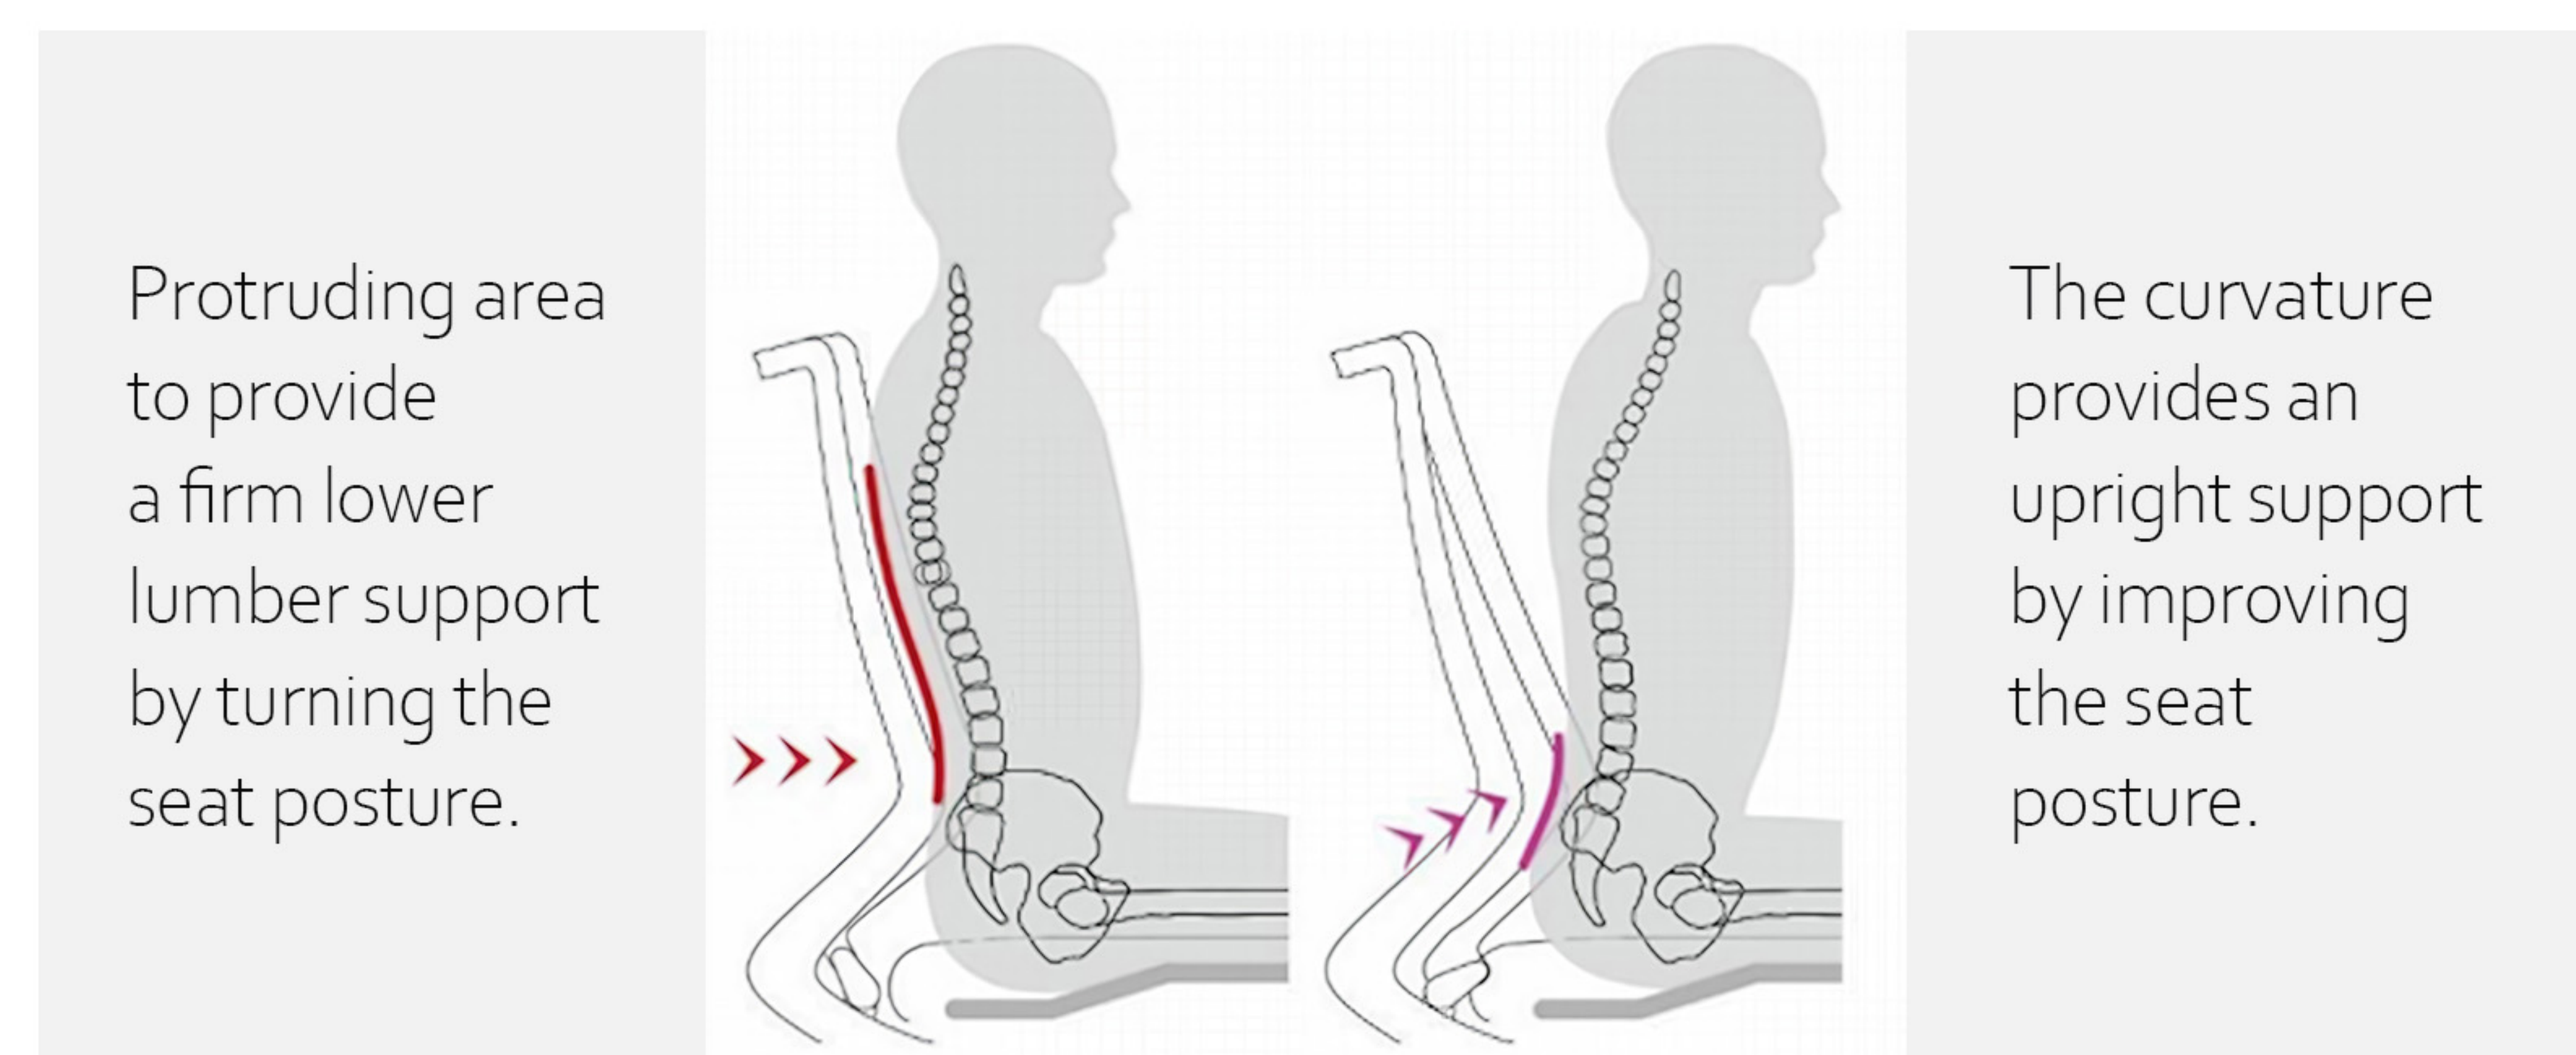

## DESIGN CONCEPT

The back of the chair is like a budding flower bud, with soft and simple lines that are full of vitality. The independent back support design makes the back of the chair more comfortable and safe. The gear adjustment of the back of the chair increases the fit and support of the waist, allowing the body to feel comfortable during work. The supporting force reduces the sense of oppression from a day of office fatigue.

A premium office chair with pure elegance and a graceful, flowing form.

Its design is bound to be "people-oriented", allowing your body to feel comfortable during work and reducing the sense of oppression from a day of office fatigue.

## Hyperbolic structure

Double S-shaped curve structure  
backrest depth adjustable

A comfortable office chair helps you focus better on your work and improve your work efficiency. Our office chairs have various features and provide great comfort for your body in any posture.

A premium task chair with pure elegance and a graceful, flowing form.

Using high-quality fabric, it is soft and skin-friendly. Bid farewell to the sweltering and stickiness after sitting for a long time. Even if you work at your desk for a long time, it can effectively reduce fatigue.

In the modern office environment, a high-quality office chair is very important. Choosing a fabric office chair makes daily work an enjoyment.
