

# BORG

**Borg**

Office chair

## Classical Beauty

Powerful and recognizable back features. The unique suspension support further enhances the ergonomics of the chair, and at the same time can provide excellent shoulder and back support as well as a unique up and down sliding structure, which is consistent with the overall function and aesthetic intention of the chair.

# Humanized Design

All-match design, with rich visual impact. The humanized choice of the headrest and the soft material make your use more comfortable.

## 3D Multi-Functional Armrest

Height Adjustable

Slide forward and backward

Rotate left and right

PU pad armrests, soft and comfortable, eco friendly and safe, not easy to age.

Its adjustment function can precisely match the needs of users of different heights, ensuring that the arms are supported at the appropriate height. Whether it is tall people or petite ones, they can all find a comfortable position.

Auto-adaptation  
mechanism with  
seat slider.

## Multi-function Backrest and Seatrest

Adjustable 50mm ratchet backrest  
structure, which fits to a variety of  
height of users.

Easily adapt to the needs of people  
of different heights, allowing the  
waist to always find comfortable  
support and not feel tired after  
sitting for a long time.
